The Panther '57

PATTISON HIGH SCHOOL
Pattison, Texas

Editor's Message

As you turn through the pages of your 1957 PANTHER, I hope that the classes, organizations, and activities that are portrayed will recall to your mind the happy memories at old PATTISON HIGH.

Our year has been a full year of activities; joys and disappointments, excitements and discouragements; but through all has run a surge of happiness that will never be forgotten.

As editor I wish to express my thanks to the entire staff, the administration, faculty, student body and business people for their help and encouragements to us.

Marilyn Pattison

Editor

Dedication

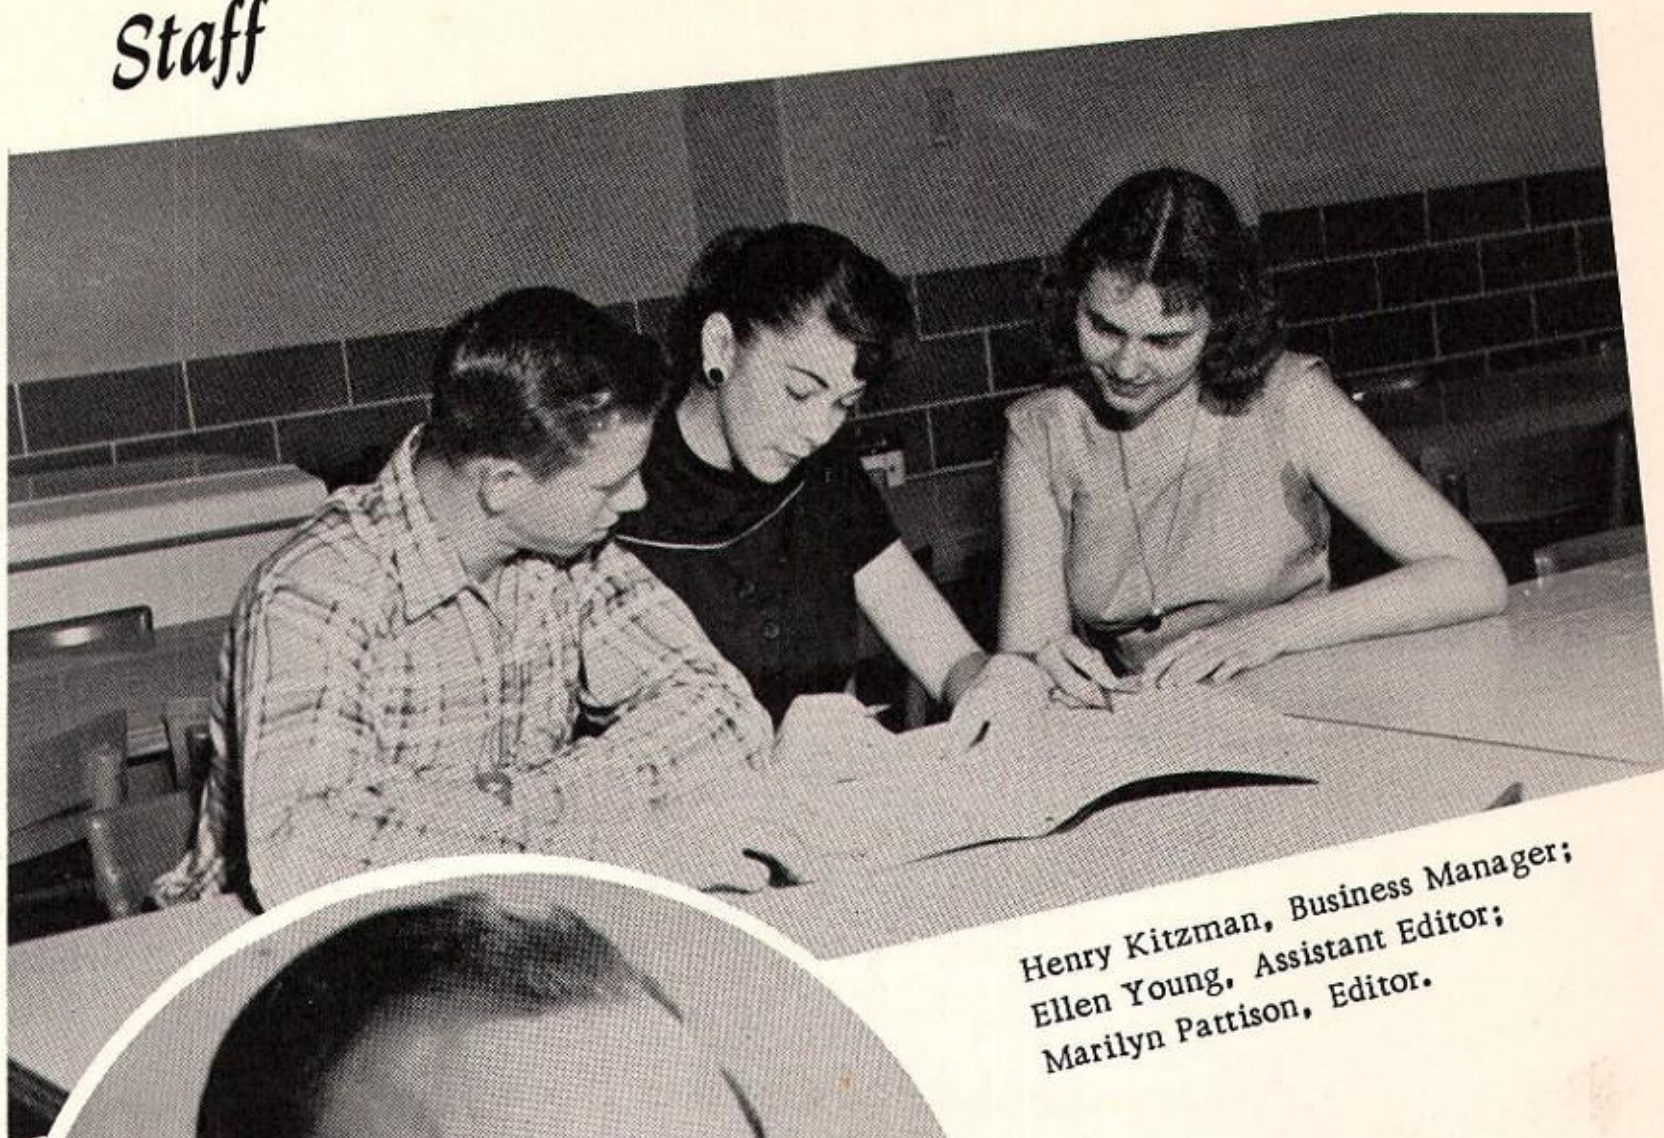

We, the Panther Staff of '57, dedicate this annual to the boys and girls of Pattison High School, who have fought to win the above trophies. They have made an enviable reputation for good sportsmanship in District 76B. The lessons learned on the basketball courts are carrying over into good citizenship of many who have gone out from P.H.S. into adult life or into the various colleges. We are proud of you! Continue to "fight, fight, fight," for honesty and fair play in the game of life.

Superintendent's Message

Students, Teachers and Friends,

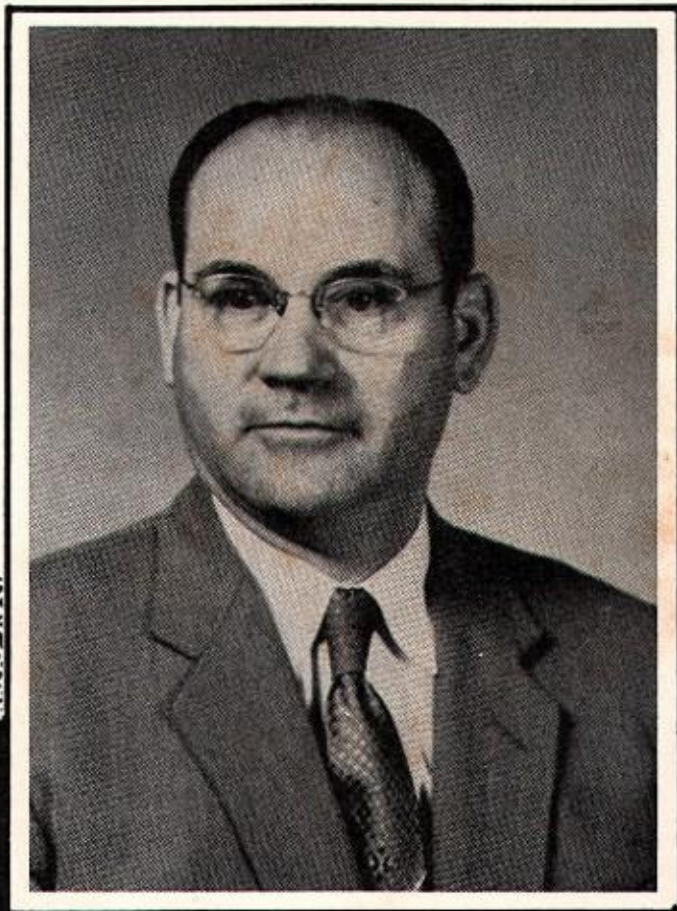

Every school and community has been classified and given a name by those that have come in contact with the people who have represented them. We are the representatives of the school, the town, and community of Pattison. Has Pattison been labeled as being a rough place, which certainly could be no honor, or do our neighbors think of pleasant experiences and friendly people when the name of Pattison is mentioned? We surely want to have a good reputation and a good name.

Each of us has a part in the making of a name for our community and school. The way we conduct ourselves individually, or as a group, when in neighboring schools and towns, or when other people visit us, is the source of and the basis for their opinions. It may be at a ball game or a visit in a few homes or even at the theater. Once labeled, regardless of who does it, the word gets around, based upon the impressions made, and that school or community will generally wear that name, whether good or bad, for many, many years. This applies in the case of the individual as well. Once a record has been made, a name given and a reputation has become known, it is very difficult to change or erase. It should be our aim to make a good record, to have a good name and to have a reputation that is above reproach for ourselves, our family, our school and the community in which we live.

Sincerely,

M. F. Dollar

Principal's Message

To the Students of Pattison School:

As we advance in years from childhood through adult life, we become more aware of the challenge the world holds before us and more conscious of the realities of life. We constantly have the challenge to grow and develop in knowledge, wisdom, and understanding, thereby equipping ourselves to meet the problems of the world. With the assistance of these tools we can more nearly reach the desired goals in life.

The nearer this school year draws to a close, the more we realize that some of you will be leaving Pattison School by virtue of your having completed your work. I want to assure you, as well as those of you who will be remaining for further work, that your school stands ready and willing at all times to assist you in your future problems.

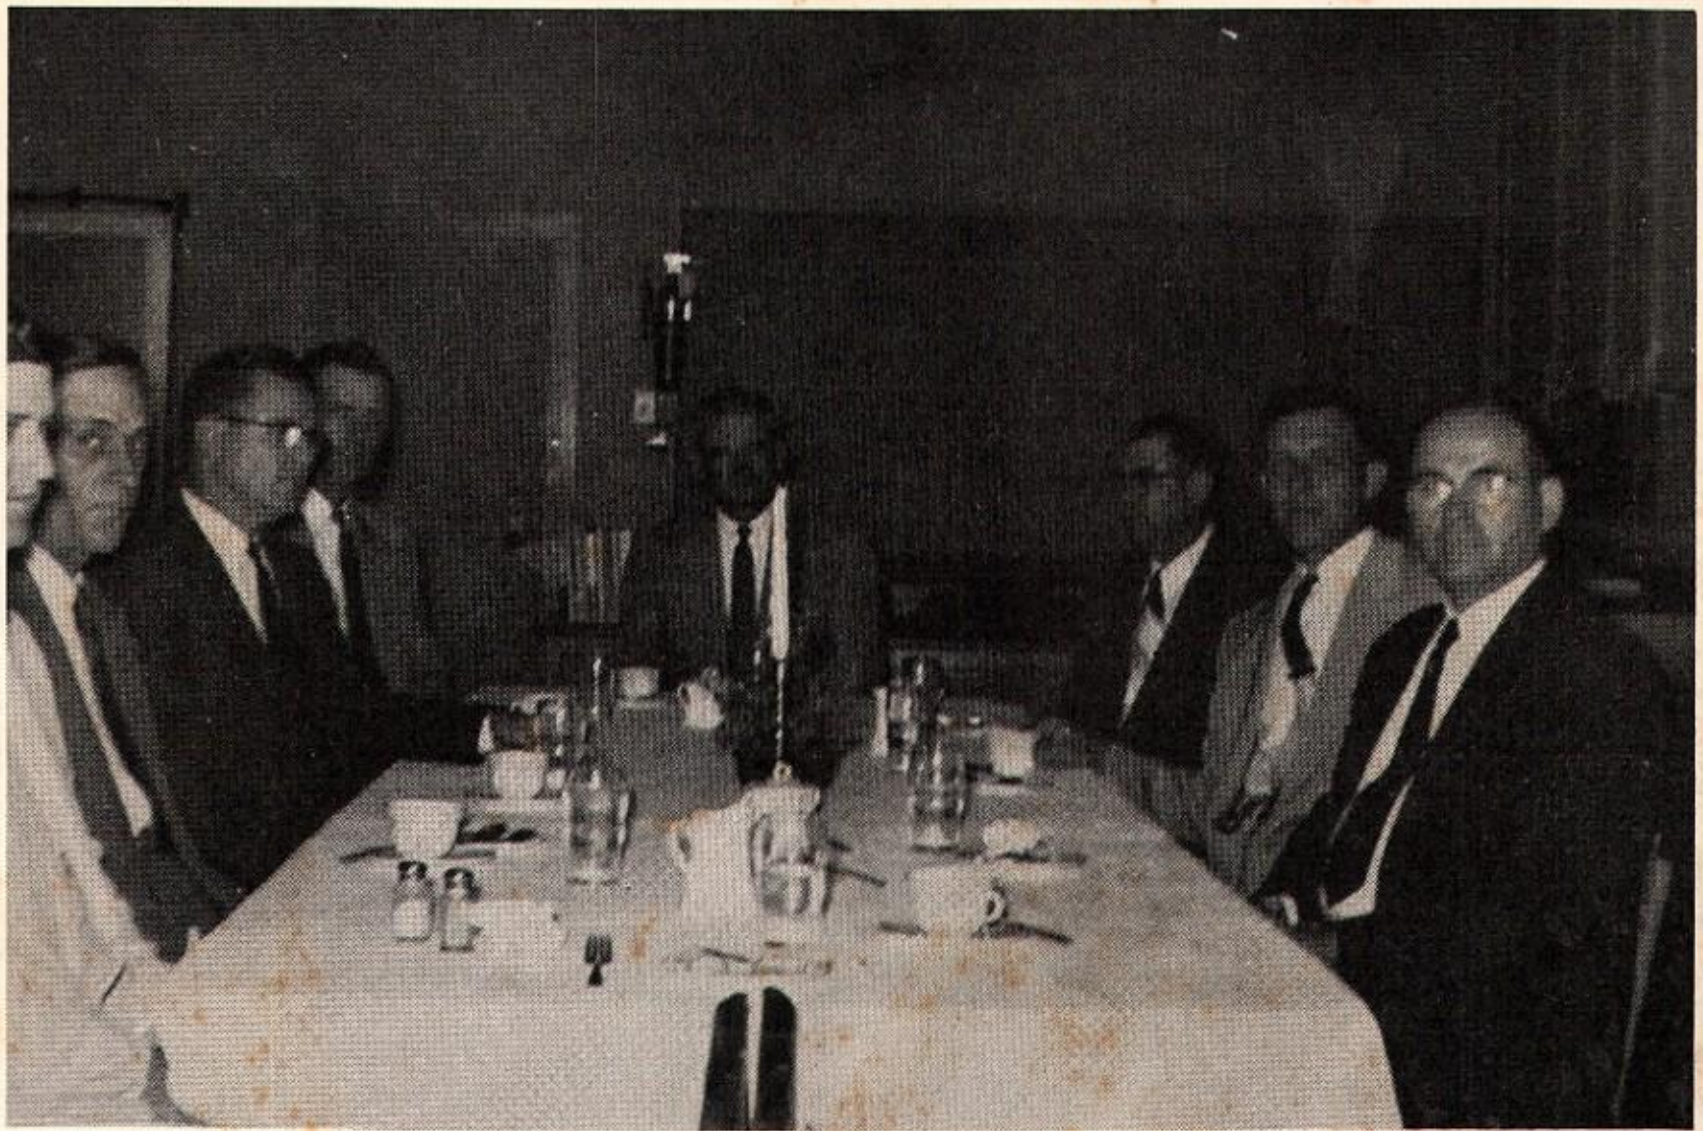

If you have learned the fundamentals regarding your studies, if you have learned the value of friendship, if you have learned the basic principles of good citizens by being a good citizen in school, you will be successful in your future undertakings.

Our best wishes go with you.

Sincerely,

W. R. Leggett
